

DOES NOT CIRCULATE

We as students have many views of Wellesley Senior High School — the institution, the teachers, the rules, the learning process, the friendships that begin, develop and end here . . . In this year's *Wellesleyan*, we as editors and staff have perceived the school through the eyes of the humorist and satirist. It is a singular focus that we hope will round out the rough edges and leave you, the reader, with a smile and a chuckle.

As we seniors approach the termination of our high school experiences, we find it to be very entertaining to reminisce about our last three years, not only to enjoy these memories, but perhaps also so that we may pass on some of our knowledge to the underclassmen to make their high school life more enjoyable. Our three years were full of new and important experiences, widening our own independence as we approach the full responsibilities that will be encountered when we will enter the "outside world," full of its experience, challenges and potential . . .

So, within the following pages, the readers of this yearbook will gain a perspective of their environment from those who are about to go on to newer and more challenging ones . . .

The beginning of a paragraph in a program of studies book reads: "Your experiences at Wellesley High will allow intellectual, emotional and aesthetic as well as cultural growth."

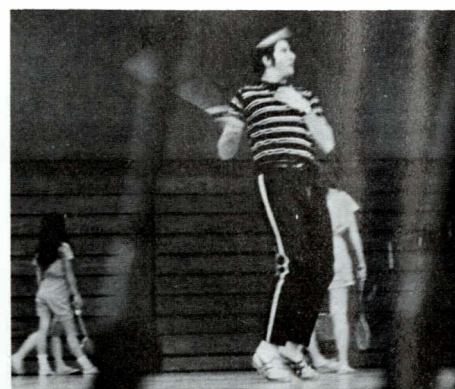

Thus, it becomes very important that a student have a way to express his innermost feelings and impressions of who he is and how the world around him affects his actions. These forms of expression can encompass either the arts, music, or physical exertion. Emotional release allows one to follow his own growth and development. Hence, a student can come to terms with any anxiety he might be experiencing during some of the most turbulent times of his life.

Many times, we are much more impressed by the tangible as opposed to the intangible, the visible as opposed to the invisible. This is true with our growth and development during our high school years. We are usually much more aware of our physical growth than of our psychological growth.

However, by maintaining our physical vitality, we also insure and improve our mental prowess. To trace our own physical development, we (males) take physical fitness tests twice a year to see how much, in fact, we have strengthened our capabilities. The results of these routines show us not only our own progress, but how we compare with others. Thus, we undergo many rigorous and elaborate tests, among them: the rope climb, chin-ups, standing broad jump (we use real standing broads, or . . .), the 600 yard run, and of course last but not least . . . the agility run. Of the last we are sure there are many who wondered whether the instructors were trying to test our agility, improve it, . . . or just question it.

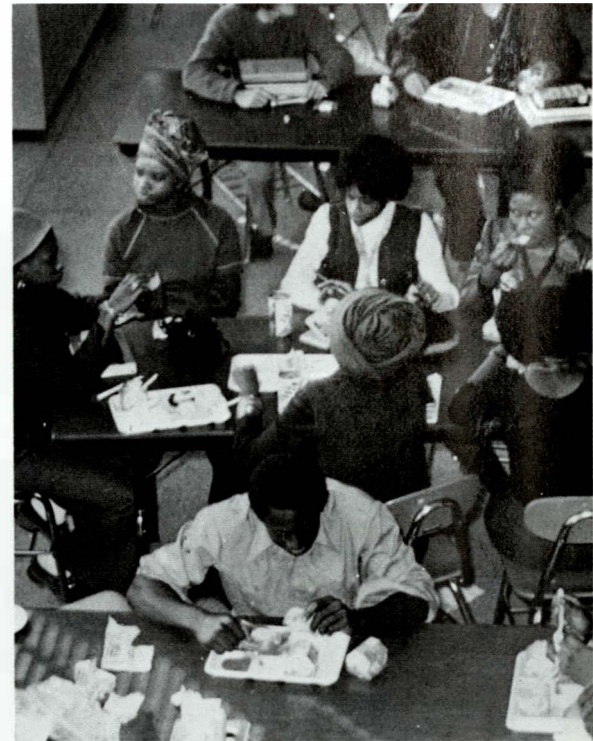

During our high school years we receive one of the important documents in our lives. We spend hours during school (as well as many more away from it) studying so that we may earn this document: a diploma which initiates us into the adult world. We are taught by devoted and inspired teachers who are somberly aware of the significance attached to this document. These patient instructors also realize that without this imposing certificate, which proves that we have spent a great deal of time acquiring new and more responsible attitudes, we cannot function in the outside world. Without this proof we will never be adequately prepared to face the problems in the upcoming years. Here, of course, we are referring to our Driver Education certificates, conferred upon the completion of the school course. Many of us can then get our licenses and face the rest of our years fully confident that we are capable of handling this most difficult responsibility.

Food, glorious food —
What next is the question
Now guaranteed
Instant Indigestion!

Just pay them your 30 cents
Go, pick up your tray
Take, gulp, pick and play
Your lunch shift away.

Just thinking of Brigham shakes
 Friendly french fries, Sunshine steaks,
 All this dreaming somehow makes
 Food fit for the dog.

Can I have some more??

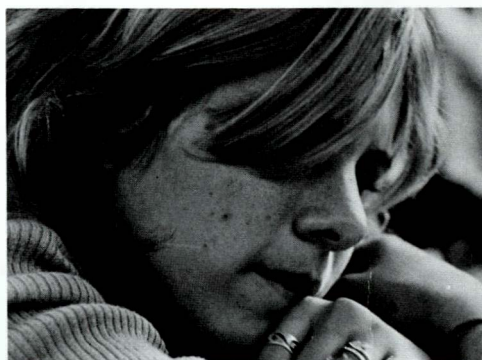

Styrofoam cups, paper plates,
 plastic straws sure taste great.
 Taste them, nibble them, eat
 them whole
 Fill yourself and hold up
 your bowl!

Once upon a morning cheery
While I pondered weak and weary

Over many a volume of
forgotten lore

Then came the morning rasping
as I shut my locker door

Then I nodded nearly napping
Listening to a teacher rapping
Thinking it an utter bore.

The teacher yawned and shook his head
"Go do your other work," he said.
I took a dime and called instead
Bomb Scare threats from Star next door

Ah how distinctly I remember
It was in the bleak November
When report cards came
And mine was rotten to
the core.

"Prophet," said I "thing of evil"
 "do you mark my doom to come?"
 Shall I be thrown from here illiterate

Or worse yet leave it
 nevermore?

Saying this my heart grew stronger
 hesitating then no longer
 Tackled I the books and papers
 Piled up upon the floor.

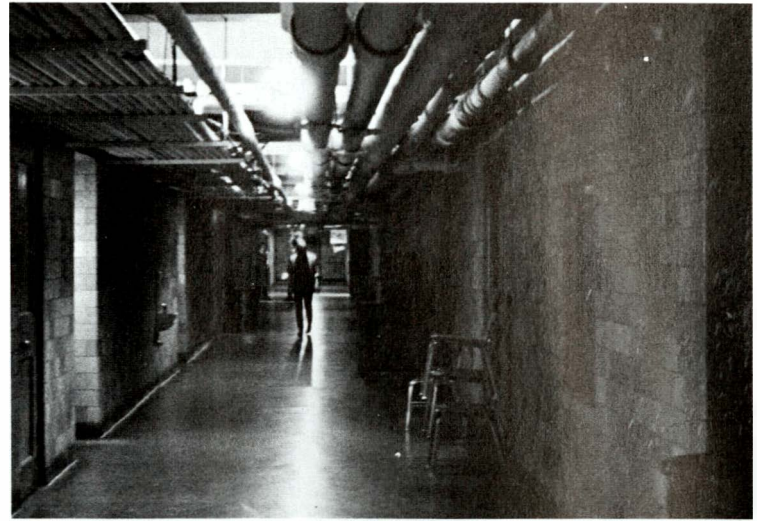

Then for luck I joined the play
 And sang in rapture opening day
 The audience begged for three encores
 A bum I'd be now nevermore.

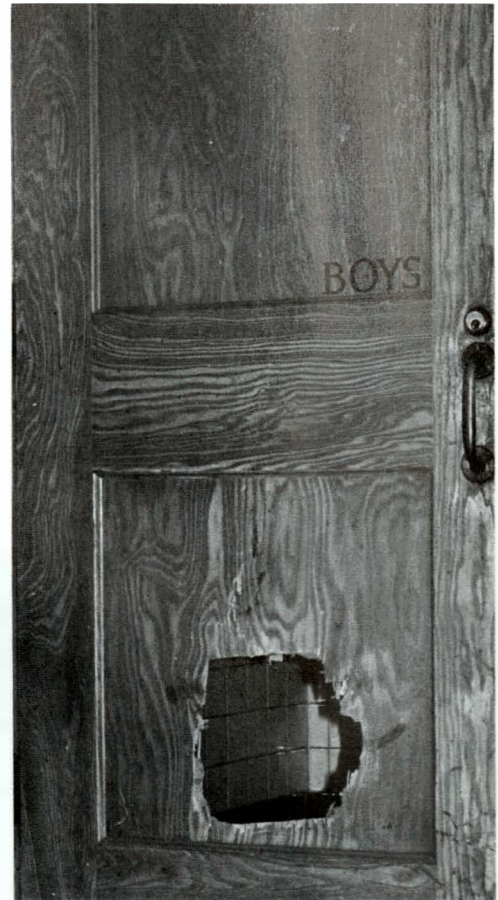

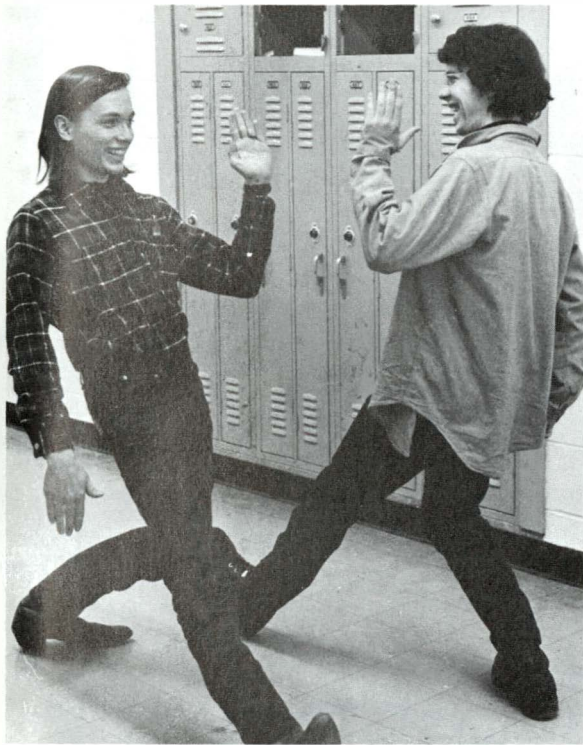

Horatio Alger is my name
 Follow me and when my fame
 Hardwork and blindness I underscore
 To leave the school with faith restored.

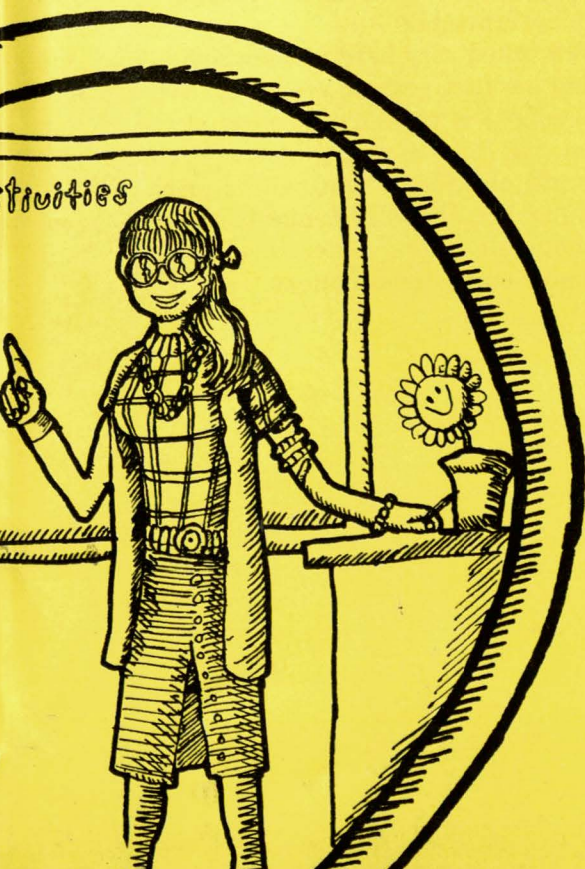

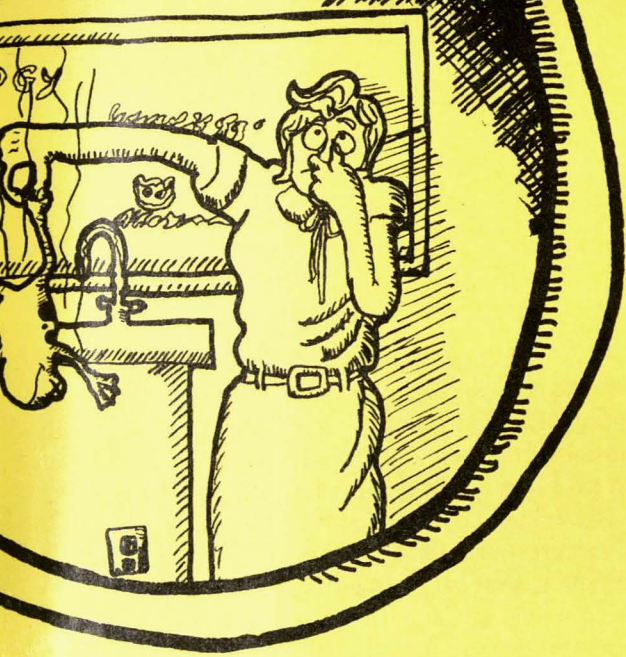

One of the most overwhelming features at the Wellesley High School is the Wellesley High School: meaning, of course, the building itself. It is beyond description to most people, but to say the least, it is very conducive to the type of things that happen here in Wellesley. Students walk down the cheerily painted and well-lit corridors every day as they go from one exciting class to another. The brief five-minute interlude serves to refresh their minds, and the journeys up and down three flights of stairs are the subject of frequent comment.

Truckin . . .

"Don't Knock the Rock"

In his first year as principal of Wellesley High School, Mr. Theodore Rokicki has proven that he is willing to listen to student gripes and to do something about them. When the problem of shrill bells was brought to his attention, Mr. Rokicki made a decision to abolish all bells except the homeroom bells in the morning.

Mr. Rokicki's next major change involved the smoking policy. As always, smoking in the building is illegal, but now there are designated places outdoors for smoking during the school day.

In addition to meeting with several student organizations, Mr. Rokicki has worked on developing an open campus plan for the high school. He also expressed interest in the educational specifications describing the expansion needs of various departments. On several occasions, he made himself available to both the students and faculty, so that problems could be solved through discussion and follow-up action.

Mr. Rokicki came to Wellesley Senior High with an extensive background and experience in education. He received his Bachelor's Degree from Purdue University and a Masters Degree from the University of Michigan, and he is currently working towards his Ph.D. at Michigan. Mr. Rokicki's teaching experience includes special education at an elementary school level and English in a junior high school and high school summer session. He subsequently held several administrative positions; he was assistant principal and assistant to the Superintendent at Ann Arbor Senior High School. He was then principal-elect at a junior high school in Ann Arbor. Prior to coming to Wellesley, Mr. Rokicki worked for two years at the Pioneer High School in Ann Arbor as Assistant Principal and, last year, as Principal.

Mr. Rokicki worked very hard making some important changes during his first year at Wellesley. With him as principal, the school is expected to grow in curriculum and reputation. Mr. Rokicki was quoted as saying, "I like to live in a world of options;" and with a principal who has an open mind, the Wellesley Senior High School community can hopefully work better towards developing new and valuable educational options.

Administration

Contrary to constant reports of apathy, the student body was able to keep our administration busy. Bomb scares, fires and smoking in lavs, hall jams, window breaking, class cutting, and snowball throwing have plagued the administration with disciplinary problems this year. It's hard to imagine what we would have done without those handy blue slips or else the friendly personal phone calls to home from our concerned secretaries.

During spare moments, Mr. Rokicki kept his staff busy with ed. specs, the program of studies, course scheduling, grading, Metco advising and other administrative duties.

Guidance

Possibly the most understaffed department in the high school, the Guidance Department has once again had to work out course schedules, college applications, and job applications under the load of 250 students for each counselor. Along with this, the Work Study program has continued under the direction of Mr. Edwards. More than 130 students have enrolled in Work Study this year.

There have been many changes made in the English Department this year. The English Center was completely revamped, thanks to the efforts of teachers and the custodial staff. During the summer, a workshop was held to draw up a curriculum for next year's English electives. The workshop was a great success and it is hoped that the program will be a worthwhile one for both faculty and students. To enable additional students to enjoy Mr. Murphy's and Mrs. Goddard's Humanities Course, a night Humanities session was inaugurated this year.

The multi-service center on the second floor (the library) offers more to the student than books: art prints, records, microfilm, and a Xerox machine. Although it is fairly well equipped, the library has had a problem of limited facilities, which has hindered total student use. It has expanded this year, and a new media center has been requested through Educational Specifications.

The Foreign Language Department has had a busy year, both academically and socially. Congratulations go to Mr. Caefer, Mrs. Parsons, and Mrs. Hughes, along with wishes of happiness in their respective marriages.

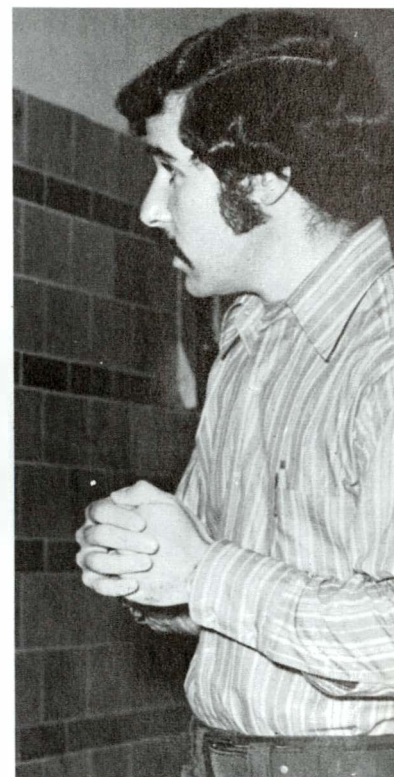

As to the language courses, there are over forty scheduled courses existing in the department, in the areas of Latin, French, German or Spanish.

The new resource center in room 311 offers students the opportunity to use books, tapes, pamphlets, and historical jigsaw puzzles, augmenting the information that they learn in class. Two new courses, Man in Society and Contemporary Social Forces, were inaugurated this past year to replace the sociology offerings. In doing this, the department has tried to meet the needs and desires of students who wish to discuss modern social problems.

A six week workshop was conducted last summer by the Mathematics Department with the purpose of improving the sophomore math courses. During the next two years, the department hopes to hold similar workshops for junior and senior courses. The members of this department are also faced with the problem of exceptional students who have completed all offered courses before their senior year. New facilities and more teachers may bring about the solution to this and other problems presently facing the Math Department.

Industrial Arts

The Industrial Arts program has recently been the focus of much attention because of outdated machinery, lack of space, and high student-teacher ratios. At the same time, there has been an increase in student interest in courses such as Auto and Power Mechanics, and Electronics. These circumstances have prompted the department to ask for a new building to house a modern industrial arts center.

Art

There is a great deal of artistic talent in the high school and the Art Department helps to bring it to the attention of the student body. Exhibits done by art students decorate the walls and the ever-popular art sale helps to turn hard work into a profit-making business.

Highlights of the year in the Music Department were the annual Christmas Concert, Spring Concert, and Band Exchange Concert. It has tried to give occupational instruction to students desiring courses in business. To give students an opportunity to put their knowledge to a practical use, the department has recommended, under Ed. Specs., that provisions be made for a school store and stock room, in which students from retailing, accounting, record keeping and office practice courses would gain actual experience in business procedures.

The Wages of Syn (tax)

By Charlie Burgess

Here's an invitation to young bachelors
and maidens fair
To join the faculty at Wellesley High
School where romance fills the air.
Our teachers are prone to take a trip,
with steps that never falter,
That old one-way excursion from the
classroom to the altar!
To prove my point that single bliss at
Wellesley High is fleetin'
Take the young girl who joined our
English staff, a doll named Jeannie Eaton.
She just barely got her feet wet in the
sea of academic strife
When she met the handsome pedagogue
whose presence changed her life.
He was fresh from a tour of Africa and
his wavy hair and blond good looks
Caused Jeannie to look with favor on
this guy named Goddard, Brooks.
They soon were wed, and I've heard it
said, tho' this may sound like preaching,
They're the world's greatest living
advertisement for the advantages of team teaching!
So, Brooks and Jeannie, thank you for
the joy you've helped disperse;
We hope, as English teachers, you'll
forgive this doggerel verse.

On our recent Christmas holidays.
After much mature reflection,
I've concluded that our faculty
Was exposed to an infection.
The symptoms are usually quite severe
It's more contagious than the flu
The strange thing about this malady
Is that it infects not one, but two!

Another couple fell victim too
To this convivial disease
At Christmas time when most of us
Were relaxing at our ease.
Instead of concentrating
On his Faculty Senate Chores
Our good friend, Bill, set sail
Toward wild, uncharted, matrimonial shores.
And instead of translating into French
Intellectual shows like Johnny Carson's,
Nancy spent her holidays
Translating Fahnestock into Parsons!

A dose of Foreign Language lore
Was an effective medication —
A wealth of guidance knowledge
Did not relieve the situation.
The effective cure was wedded bliss
At least they'll both be safer
So a happy matrimonial convalescence
To Joan and Raymond Caefer!

Work Study

DAVE BECK — BOB DECTER'S SHOES

Although the work-study program has existed at Wellesley High since the mid-fifties, it is still growing. This year, a record of over 125 students participated in this program, which allows students to work without dropping out of school.

The popularity of the work-study program is easy to explain. Participating students attend all their classes in the morning leaving the afternoon free for employment. In this manner, students are able to continue their education, gain real-life job training, and at the same time earn money for college costs, personal expenses, or to supplement the family income.

This year's work-study participants have a variety of interesting jobs including repairing electronic equipment, selling various products, doing carpentry, and driving company trucks.

Independent Study

PAUL DAVIS

KATHY LOSCOCO AT
INDEPENDENT STUDY DINNER

Under the direction of George Kerivan, Jr., the independent study program is currently in its second year and expanding rapidly. Over 100 students are currently pursuing independent studies in subjects that are not part of Wellesley High's traditional course offerings.

The independent study program itself aims to deepen the learning by making available to students the many resources of Wellesley and its neighboring communities. In addition, the program is geared to allow a student to pursue his own interests and to be responsible for a part of his own education. Upon successful completion of an independent study, a student is granted up to five credits toward graduation.

The independent study program operates in a variety of

areas. Among these are:

- 1) College Courses-Students may arrange to take courses at nearby colleges. Students have taken courses at Wellesley College, Boston College, and Dana Hall with full college credit.
- 2) Career Experience-This alternative provides students with a chance to become familiar with a possible career field by doing work in that area. Students have been working as legislative aides, medical aides, laboratory assistants and, at TV stations.
- 3) Individual Special Studies-Students may pursue topics not offered at the high school. Some areas being explored this year have been creating childrens' stories, writing a novel, and studying classical piano.

An Experiment in Creativity

The resounding success of the photography program is an example of how much interested students and teachers can accomplish. Two years ago, the photography course was non-existent and the darkroom was a storage closet. Today, photography is a favorite elective with over fifty students taking the introductory or advanced courses.

Work towards a photography program began two years ago with a multi-media show that raised \$450 towards darkroom equipment. With a donation of \$1000 and the storage closet from the building board, and lesser amounts from the Student Council and Senior Class, the construction of a darkroom was begun. Students painted the room black and installed cardboard flushing to eliminate light leaks, added shelves and finally transformed the closet into two printing rooms, a developing room and a workroom. Last year, the darkroom was in use only by night classes and as a sidelight by the communications class, but this year it is carrying a full schedule and is in use almost all day by dedicated students — as evidenced by the prints on the next page.

CURSE YOU, RED BARON!!

Humanities

The Humanities course is the most exciting and innovative regularly-offered course at the high school if student interest is any indicator. Close to ninety seniors signed up for the 25 available places in the course, and a night humanities class had to be created specially to try to accommodate some of the overflow.

It is little wonder that the humanities class is so popular. Jeannie Goddard and Gerry Murphy team teach the course, integrating the two subjects of English and the Social Sci-

ences. Some of the assignments are quite novel. For instance, during a unit on education, the class was dismissed for three weeks for field work to explore various aspects of education. Several students used this time to teach in elementary schools and the junior high; others taught at the Charles River Workshop for handicapped pupils and another group did a study of the school budget.

Open Campus

The FAPS Committee Discusses Open Campus With Parents.

Open campus is finally here! It started as an idea in the FAPS committee this September and has since gone through months of planning, countless discussions with students, faculty, and parents, been raised at the town meeting, passed a faculty-senate vote, and has finally received school committee and state approval. Now we are enjoying the benefits of an open campus.

In the first place, open campus is designed to change the idea that education has to occur in the school building. Students now free to use the school to use and the town's many educational resources. Whether they are part of the Independent Study, Work Study, or Student Supplement program. Under the open campus concept students are able to assume a further responsibility for their own

educational development by making choices of what to do with their non-class time. In addition, the reduction in teacher-time spent supervising study hall and cafeteria allows for more small-group student-teacher contact. The possibilities for expanding open campus next year are practically endless. Some form of transportation could be made available so that students without cars could use the public library or possibly Wellesley College's resources. Businesses may avail their resources to students. What better way to learn English, for instance, than to spend a free period watching a newspaper writer turn out a front-page story?

We're Number Two

Walpole was ranked the best team in the state. Just behind them in the Bay State League were the Wellesley Red Raiders. The Terrorizing trio of Scott Sullivan, Mike Gibson, and Pete Eagleson tore up more yardage than any team in the state.

The all-junior backfield was led by quarterback Steve Scannell, who made up for his lack of size with his ability to call the right play at the right moment. Of course, he knew that each of his backs could grind for short yardage or break away with an exciting run. Scotty Sullivan's do-or-die running was only matched by his hard-nosed defense in the Wellesley secondary. Pete Eagleson combined raw power with blinding speed to become the finest full-back in the league. "Eagle" was often seen bulldozing his way through four or five defenders.

Filling out the running attack was flashy Mike Gibson, the quickest back in the league and Wellesley's leading scorer.

But without the powerful linemen punching holes in the defense, the best backfield in the state would look like Piccadilli Circus. Captains George Hewett and Paul Quar-

trale led the line with their desire and hustle. Countless plays were run through holes made by "Man Mountain" Bond, Chris Thorn, Mike Beale, and Shawn Flanagan.

The Wellesley defense, led by captain Brad Elmblad, was terrific when the pressure was on. Jon Procter, Jim Nelson, Shawn McAvoy, and Fred Schlottenmier saved many games with key plays. Andy Laird was seen making tackles all over the field throughout the season. The Wellesley defense had its finest hour on Nov. 20, 1971 at Natick when, with 19 seconds left to play, Natick was on the verge of tying the game with a conversion. The ball was snapped, but McQuillan and Gentes were breathing down the quarterback's neck when he lofted a pass into the end zone. The enthusiastic crowd rose to its feet as Scott Randall knocked away Natick's hope for sole possession of second place.

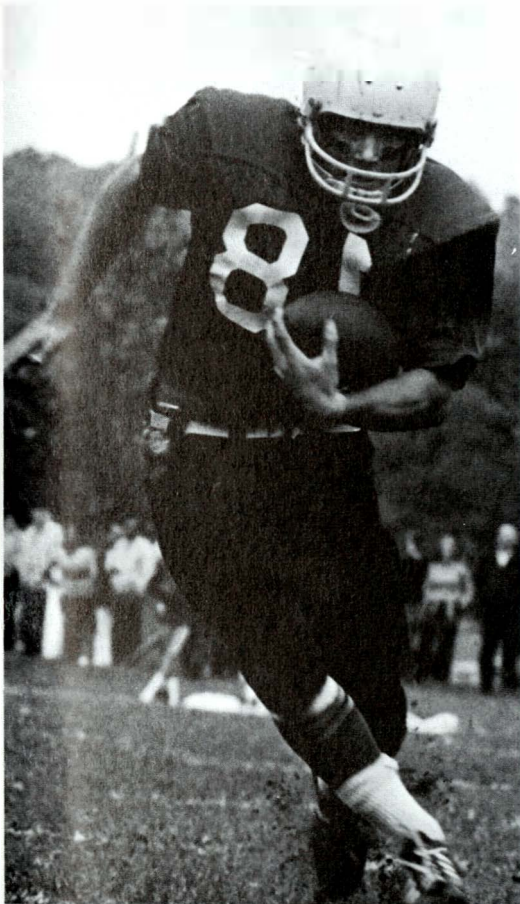

No one player was the main factor in the team's six wins. Each game was won through a team effort. Their effort showed itself every Saturday afternoon and every other day in blistering heat or piercing snow. Winning made the pain feel good.

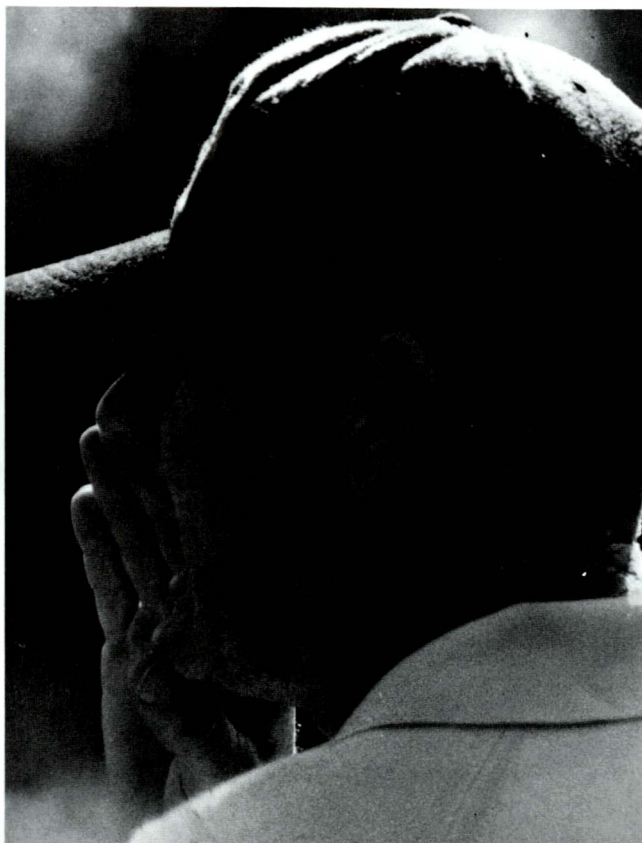

Shawn McAvoy's long arm knocks down another pass.

Andy Laird snares an interception.

Soccer to Them!

The summer vacation terminated early this year for all W.H.S. soccer players, as they prepared for what they hoped to be a successful season.

The Raiders opened their season away against the potent Braintree team. Although losing 0-1, Wellesley showed some excellent talent as they controlled the play for most of the game. Following Braintree, Wellesley met an equally strong team, Framingham South. The Raiders were defeated 0-5 in what third-year coach Phil Davis termed, "a poor showing." After these two rather disappointing games, Wellesley bounced back to a six game winning streak, including a 6-2 romp against Norwood, and an excellent game against Wellesley's rival, Needham, which Wellesley won 3-0. Following this high-spirited game, Wellesley was again faced with their two most frustrating opponents, Braintree and Framingham South. The Raiders again bowed to both teams, losing to Braintree 1-4 and Framingham South 2-4. Wellesley quickly came back as they won the next two games, shutting out Norwood 4-0 on two Barrick goals and one each for Patton and Strathern, and defeating the Rebels from Walpole 1-0 with Len Moher scoring the game winner. The last game was an extremely important tilt against Needham, as this game would enable either Wellesley or Needham

to be eligible for the State Tournament. This was the first time Wellesley had come this close to the State Tournament. Although Wellesley appeared to dominate the play, Needham was victorious, nipping the Raiders 2-0.

Even though Wellesley was defeated in this final game, it was felt by all that the Raider's 10-5-1 season was very successful. The big key to Wellesley's season was their team play, but there were a number of individuals that played exceptionally well during the season. Senior Co-Captains Dave Himmelberger and All-star Jeff Beach spearheaded the defense along with steady playing by Senior John Bowman and Juniors Brad Cristo, George Forrester, Andy Patton, and Tom Hession. The Wellesley defensive unit deserves credit along with both excellent goalies Dennis Donahue and Bill Congleton for allowing 1.3 goals against, per game. On the offensive unit, excellent play was exhibited by Seniors Bruce Barrick (the team's highest scorer with 20 goals), Jeff Strathern, Glenn Shepherd, and Dave Peary. The Juniors that showed great talent up front were Rick Copeland, Rick Tillson, Len Moher, and Ray Powell.

With the fine and dedicated coaching of Mr. Phil Davis, and a good team effort from the Raiders, Wellesley should repeat the fine showing that it has made this year.

The Loneliness of the Long Distance Runner

Olse breaks his own record.

Although the Cross-Country Team finished with a disappointing season, each member of the team endured each grueling practice and showed improvement until the end. The Bay State League is the toughest league in the state and yet the Cross-Country Team, composed mainly of underclassmen, stayed within a few points of all the strongest teams.

The team kept its head high due to the leadership of Co-Captains Bob Gill and Bruce Olson. In the eyes of Coach St. Cyr, "Bruce Olson was one of the top if not the top runner ever to grace the Wellesley High School. I never had any harder worker than Bruce during the season. He led by example, never missing a practice, never letting up." Bruce set the school record that will stand for quite some time unless, of course, if sophomore Mark Murray continues at his current pace. Although only a sophomore, Mark, not only stayed with, but beat many of the finest runners in the state.

With the addition of Indoor Track, a summer running program, and improvement from a young nucleus of Matt Dennen, Jay McCreery, Rick Benner, Dave Boyden, and Brian Robinson, next year's team under the leadership of Bob Gill and Mark Murray should pose a threat for the title of the Bay State League.

Female Finesse in Field Hockey!

The Field Hockey Team rose from last year's bitter sixth place to a highly respectable third in the Bay State League competition. The 1971 season saw some unparalleled finesse both on defense and offense. During the season Wellesley scored 13 goals in 200 minutes of play or an average of one goal every 15 minutes (approximately half the number of babies being born in the United States). The defense cleared approximately 339½ drives during the course of the season, some key saves being executed by Fay Brodell, Nancy Ballard, and Wendy Rush. Skillful halfbacks, notably Tara Smith, Kathy Henderson, and Louise Navoni, were responsible for 139 free hits, 86 of them getting through the opponents to the forward line. The forward line's star-studded cast, including Bambi Bachman, Dee-dee Drewrey, and Cindy Stanwood, penetrated every team's defense with 84% consistency.

A great deal of the team's success belongs to Mrs. Kaplan, who spurred the team with eight pep talks, studiously absorbed by 93% of the team. She also regulated or-

ange consumption, took charge of the "lucky hat," and did other such things. Donna Buckley enhanced the team with numerous cheers, a full 27 decibels above all other voices. Maureen O'Hara courteously contributed to the floor show on several occasions.

The entire team deserves credit for the fine performance from the first day to a final successful banquet.

Ready on the bully!

Swim Team Eastern Massachusetts Champions

The Girls' Swim team this year surpassed all expectations to carry the title of Eastern Massachusetts Championships and maintain an undefeated season of 12-0.

The very first day, Coach Catinella could see she had a winning season, but just how great they would be was anybody's guess. After swamping their first three opponents, the team readied themselves for Gardner, one of the most troublesome teams in the league.

In a hard-fought match undecided through the last frantic laps, Wellesley outstripped Gardner to remain number one. Much credit belongs to Meg Bennett's back, Mary Lou Manning's crawl, and Eileen Crowley's legs. Wellesley proved particularly strong this year in diving. Lin Carleton and Alex McNeish have now been number one and two respectively for all Eastern Massachusetts for two years straight, neither having lost to an opponent all season.

Another sweet taste of victory occurred when Wellesley upset Needham 73-31. Needham has previously not been beaten in several years and was number one in the league last season.

Congratulations to the Wellesley Swim team and Co-Captains Sue Johnston and Nancy Catinella for a superlative season and two additional trophies to be added to the display case in the front lobby.

Basketball Team Had High Hopes

The Wellesley Basketball team seemed to have all they needed for a championship team. They had 6'6" Dave Emerson, one of the best centers, shooters, and rebounders in the Bay State League. Forwards, Jim Nelson and Jack Tracy could be great off the boards and the back court pair of Jim Herrick and Bruce Olson worked together better than any other pair of guards since Chris Lovett and Ben Fosset. When Jimmy was hot, no one could stop him. He once scored 33 points and averaged 15 points per game. Bruce Olson played like a young K. C. Jones — the best defense in the league, always setting up a play.

Wellesley also had depth with Scott Sullivan, Norm Schmidt, Bob Gill and Brad Elmblad, who could probably start on any other team in the league. Every man on the team had that desire to win, Griff, Hondo, Vern, Moore, and Bill Fay. Yet Wellesley could not put everything together. At times they showed flashes of brilliance, but invariably they folded in the last quarter.

But Coach McDermott kept the team hustling and in good spirits throughout the 7-11 season.

Coach McDermott gives the peace sign to a ref.

The hockey team, coached by George Finnegan in his first year, was extremely disappointing. They skated well and kept close every game, yet they couldn't muster that magical winning touch. The first line was one of the strongest in the league with Co-Captains Craig Anderson, Danny Sullivan, and superman Pete Eagleson. They were big, strong skaters who could keep up with anyone.

The second wave of lightning-quick Dave Kerivan and speedsters Leo Doherty and George Forster killed many penalties for Wellesley. The third line had Joe Mac Phee centering for Chip Dillard and Goof Reynolds.

Timmy Timmons was the backbone of the defense with either Shawn McAvoy, Chris Flerlage, or Bill Thar. Lenny Moher and Jeff McReynolds shared the net. Both goalies did an excellent job although they did see much too many shots. Next year's team should do better after Coach Finnegan has a year of coaching and many good juniors and sophomores should make Wellesley a team to watch in 1973.

Indoor Track Team Has Disappointing First Season

In the Wellesley team's first season as a participant in indoor track, they posted a disheartening 0-8 record. The main reason for the unsuccessful season was lack of depth.

Dave Goguen tied the school record in the 50 yard dash with a time of 5.7; Steve Harunk performed miraculously in the 300; Mark Murray ran well in the mile and Dick Stoddart could heave the shot put with the best of them.

A team never performs well in its first year of competition, but Coach LaBorne did a fine job in building the team for years to come. Improvement will be seen in next year's Cross Country track and Indoor track due to the team's perseverance and hard work.

Swimmers Swing Into Somewhat Successful Season

With the addition of several strong sophomores, the boy's swim team finished the 1971-1972 season with a record of 4 wins and 9 losses. Although the season was not very successful for the team as a whole, several individuals finished with personal victories. Led by Co-Captains Dwight Holmberg and Jeff Porter, the team performed well in dual meet competition and in the Greater Boston League Meet.

Points were consistently scored by seniors Randy Erwin in the 100-yard Breaststroke; David Stubbs in the 100-yard Backstroke; Dwight Holmberg in the 200-yard Individual Medley and 100-yard Breaststroke; and Jeff Porter in the 200 and 400-yard Freestyle. Swimmers who regularly placed in other individual events were John Dale in the 100 and 200-yard Freestyle; Bob Harvey in the 50 and 100 Freestyle; Peter Clauson in the 100 and 200 Freestyle; Peter Boorman in the 100-yard Backstroke;

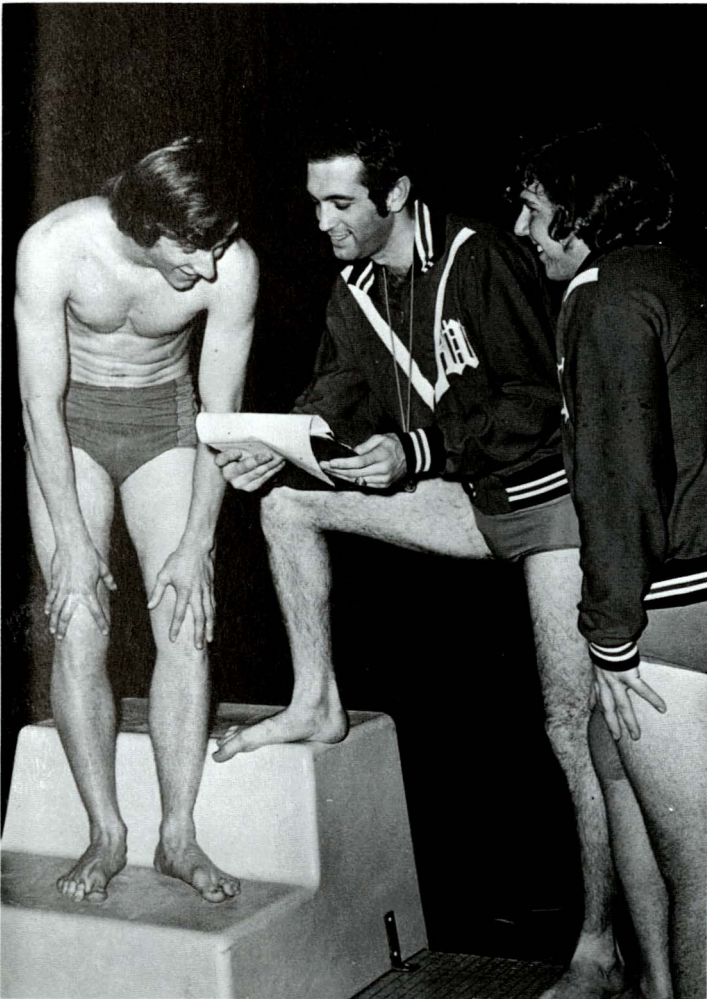

Camilo Saldarriaga in the 400-yard Freestyle; and Steve Woodward in the 200 Individual Medley. Nick Reggio, Rick Lehrer, Ben Moore, and Jon Haycock, all sophomores, put in fine performances in their respective events, showing great promise for future seasons.

The Wellesley Team was fortunate to be represented by three talented sophomore divers, who all show good potential and promise for seasons to come: Curt Treadwell, Victor Burgess, and Rob Guigly. The few seniors on the team this year had considerable support from the underclassmen.

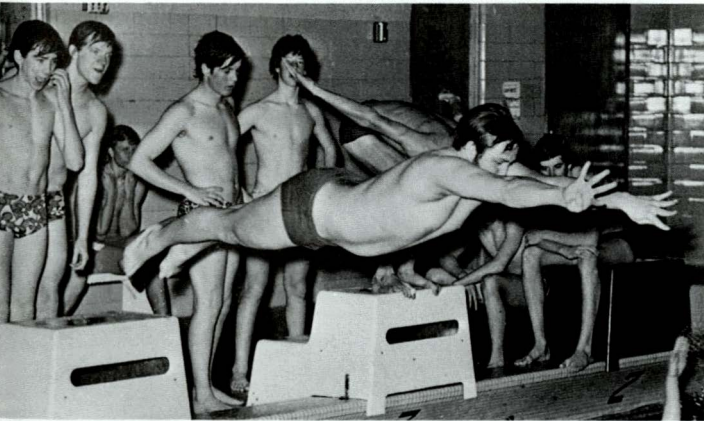

Although the team is losing its seniors, this season it has succeeded in laying the groundwork for a very promising team next year. Coach Touhey anticipates a fine season as the underclassmen become stronger and more experienced in dual meet competition.

The Gym Team Was Hung Up by Their Heels, But Didn't Let It Go to Their Heads

The gymnastics team does deserve credit for putting on the gym show. It was perhaps the most enjoyable performance this year. George Hewett broke a record by vaulting over twelve men. It will be interesting to see how long the record will stand.

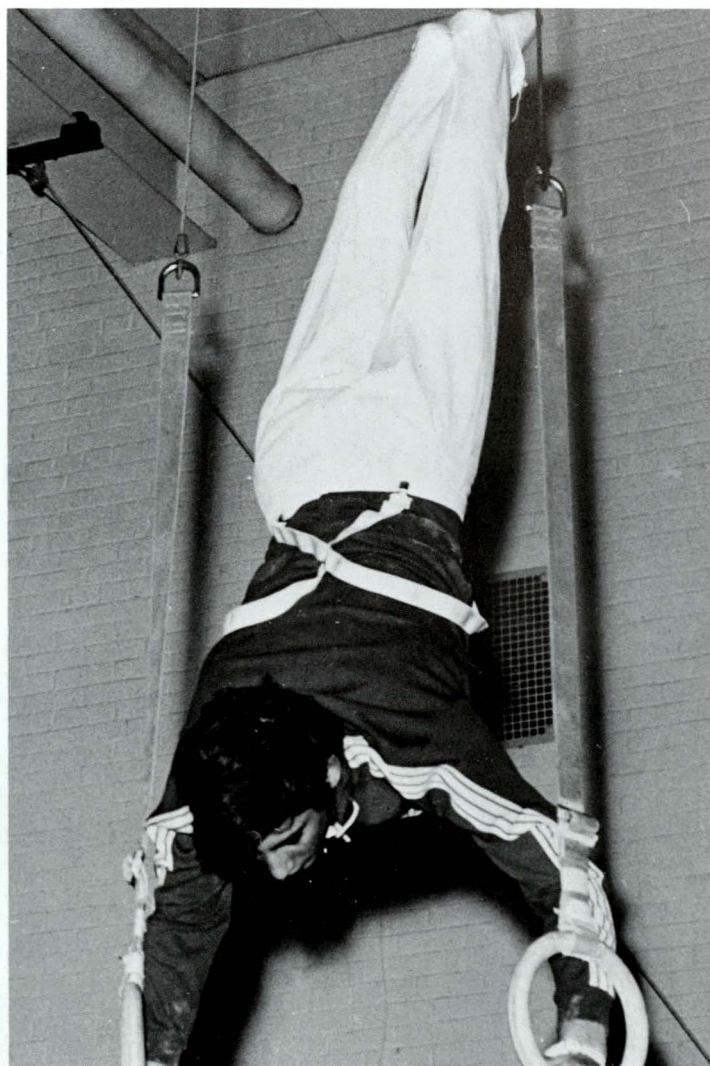

This year, Wellesley didn't keep up its tradition of a great gymnastics team. Instead, they posted a disappointing 2-6 record. Wellesley did have three gymnasts who qualified for the state meet: Fred Schlottenmier, George Hewett, and Chris Fontaine.

George and Chris both performed well on 4 pieces. Their versatility went almost unmatched in the Bay State League. Fred Schlottenmier proved to be the finest vaulter in the league by winning the Framingham Invitational Tournament. However, a winning team cannot be built around three men.

Girls Shoot High for Number 3

1972 introduced a new look in Girls' Basketball. This year's model, while retaining some of its standard features, Nancy Ballard and Louise Navoni, supplemented the barren chasis with new and improved highlights of every sort. Revving up against Westwood, Wellesley roared to victory, leaving the opposition in a cloud of dust. Downshifting slightly Wellesley scraped by Norwood and prepared to meet the well greased Natick machinery. Without hesitation, Wellesley raced by Natick with the help of its high-producing, super-power, Cindy Stanwood. Kathy Henderson and Caryl Copeland provided much needed clutch power in the Needham battle, but it wasn't enough to brake the Needham Rockets. Unleashing the Wellesley horsepower, the team demolished Milton, Dedham, and Braintree. Temporarily stalled by Weston in an unofficial scrimmage, Wellesley then dented Framingham in a smashing encounter. Dee-dee Drewrey, Shelia Kerrivan and Debbie Higgins put forth their best effort against Walpole, but the team was unable to muffle the opposition in a tense last minute scramble. Despite heavy tread losses on Framingham North with Marcia Patterson, Tara Smith, Evil Kneival and Joanne Maccinni screaming down the court; Wellesley was scrapped in their final game of the season.

Nonetheless, Wellesley became #3 in the Bay State League, the highest victory in several years.

Lady Gymnasts Are a Joy to Behold

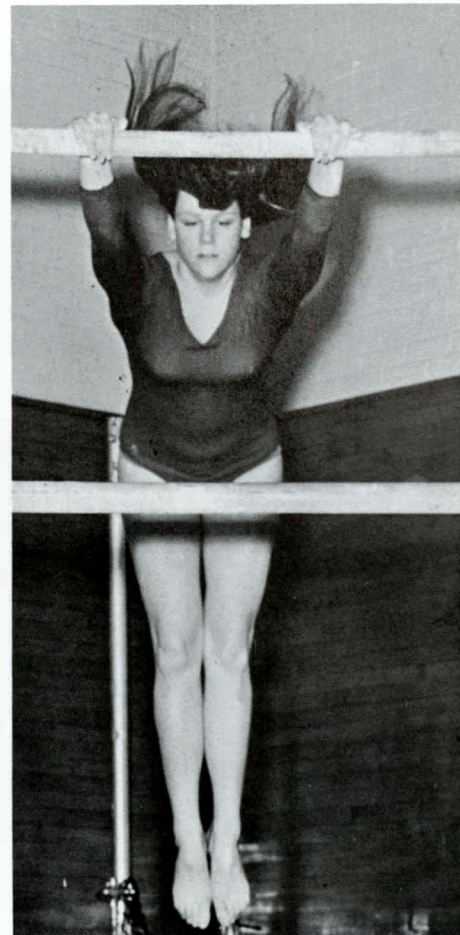

Wellesley premiered with a smashing victory over Walpole and continued their hit parade by trouncing Milton, Needham and Westwood. When competing with the command performers at Braintree, however, Wellesley was unable to prevail, although their total team score had never been higher. Appearing in red leotards and white jackets, the Red Raiders outdazzled their few critics and numerous opponents. In the final curtain call, Wellesley ravaged Natick and was re-released in the successful 1972 Gym Show.

Now the critics present the players: Kim MacEwen . . . effective . . . something to admire, respect and enjoy. Debbie Belitsos . . . the most exciting performer to emerge in modern time. Birdie Kelsch . . . the most mind-expanding, tearjerking, hypnotic, heart-rending

The Wellesley High Ski Team, coached by Joseph Andrew, performed extremely well and ranked fourth place out of twelve schools in the tough Mass. Bay Ski League.

The boy's ski team demonstrated good racing techniques and had many victories. The team was lucky to have Ben Ferris, senior, as its co-captain. He raced to a strong season with 1st and 2nd places. Senior Charlie Hoffman ranked the next highest with a 1st place. Co-captain Gary Powell's speed proved to be an important addition to the team. Backing up these skiers were the other seniors; Jeff Pierce, Bruce Morser, and John Bowman. The juniors David Sargent, Peter McAvoy, and Glen Williamson all raced vigorously adding more points to the combined team score. Sophomores Chip Rogers, and Scott Jones were also a great help at the meets.

Wellesley High boasted the best girls' team ever. Co-captains Eileen Crowley and Nancy Ingalls raced strongly during the season as did Senior Nancy Floyd.

Junior team members, Lissey Ingalls, Susan Nye,

Wendy Haering, and Ellen Dana all added points. And, there was the "super sophomore" Sue Pevear, whose strong racing abilities could be seen from the day of try-outs.

The ski-team began its season with pre-season conditioning. There were try-outs at Waterville Valley, and constant racing practice. The team spirit added to the great ski season. Because of the poor snow conditions only six slalom races and three cross-country races were held. Ben Ferris led the cross-country team.

Assured of an even more successful season next year, the team ended its season with a banquet. The departing seniors were honored and special recognition was given to Ben Ferris — Best senior boy racer, Eileen Crowley — Best Senior girl racer, and Sue Pevear — Most improved sophomore.

Although skiing is an individual sport, team spirit and team determination this year shows that someday skiing will be a major sport at the High School.

The wrestling team proved to be the only winning boys' varsity team in the high school during the winter sports season. They compiled a 6-3-1 record which was good enough for 3rd place in the Bay State League.

At the beginning of the season, many people wondered if the wrestlers could manage a winning record. They had lost six great wrestlers from the year before and there were only four returning seniors and five returning juniors. That left many spots open for the sophomores; out of the 20 wrestlers, 11 were sophomores.

Led by Co-Captains Walter Morgan and Jeff Strathern, the team went into its last two meets with a chance for 1st. But a close loss to champion Norwood and the loss of the first four regulars by injury in the Needham meet proved their downfall.

Outstanding performances were turned in by Jeff Strathern who had a record of 9 wins and 1 loss and who took a 3rd in the district. Injuries hampered Jeff in the states. Junior Tom Roberts had a very impressive record of 8 and 1, and the junior Chris Thorn proved to be one of the best in the state as he went undefeated in the regular season and was winner of the district tournament and finished 6th.

Sophomore Dave Fairneny went to the finals of the district before losing to the eventual State champion. Sophomore Charlie Allen took a 5th in the district and both these wrestlers figure to have outstanding seasons next year. Junior Nelson Start and Sophomore Mike Fitzpatrick turned in some key pins for the team that helped bail them out of many meets.

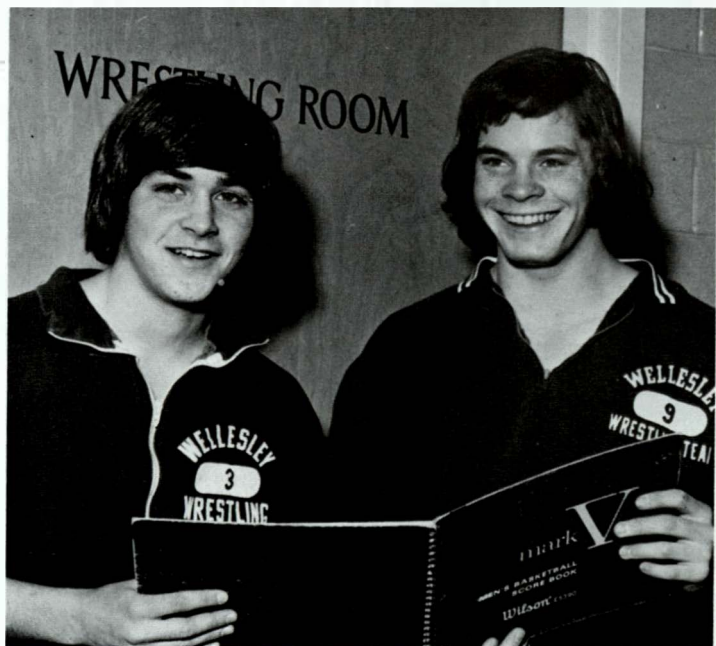

But the backbone of the team was the seniors. And

along with Strathern, Walter Morgan, Don Johnston, and heavy-weight Paul Quartrale had winning seasons. These seniors led the team all season and they will be missed both as wrestlers and as leaders.

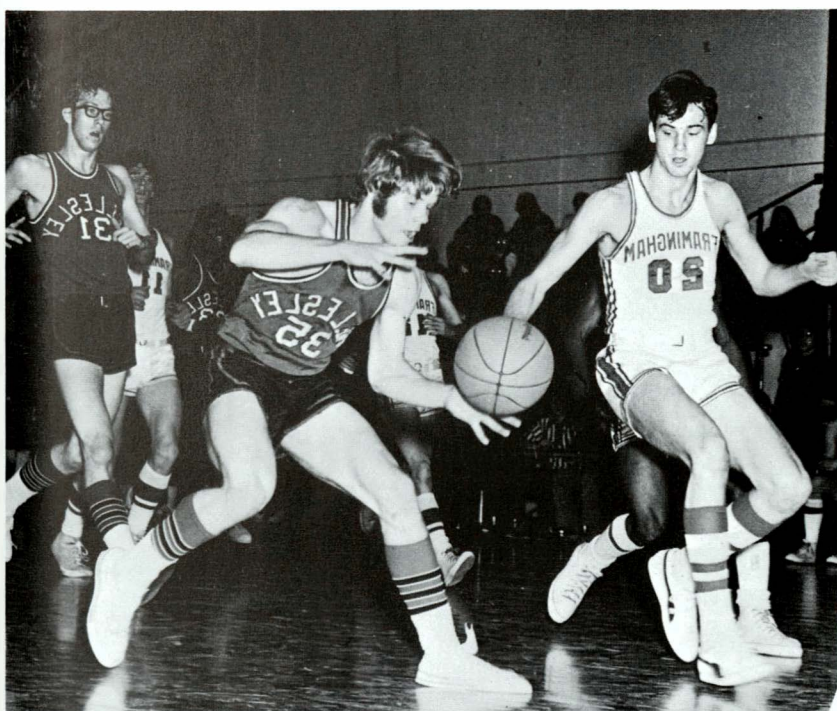

With only four men leaving, prospects for next year are bright.

Tracksters Triumph

Wellesley's Track Team finished in third place in the toughest league in the state with a strong 7-2 record. The team lacked depth but had tremendous versatility. Jack Tracey could get points from the high hurdles, low hurdles, 440 and high jump. Steve Harunk was outstanding in the 100, 220, 440, and relay. Dave Goguen could beat nearly all tracksters in the 100, 220, and low hurdles. This is not to say Wellesley lacked any outstanding specialists. On the contrary, Steve Hart finished as the best pole vaulter in the state with thirteen-foot jumps. Bruce

Olson was the best miler in the league and also set a record of 4:26. It will be many years before this record will be broken. Other records were broken by Jim Nelson in the triple jump, Mark Murray in the 2-mile, George Bond in the discus, and the 440 relay team of Goguen, Schmidt, Hart, and Harunk also toppled a Wellesley High record. Although many lettermen will be lost this year due to graduation, notably Captains Olson, Tracey, and Nelson, Coach St. Cyr can look forward next year to another successful season.

1st row, l. to r.: Mark Murray, Steve Harunk, Jim McQuillan, Tri-Captains Jack Tracey, Bruce Olson, and Jim Nelson, George Bond, George Hewett. 2nd row: Norm Schmidt, Peter Centennari, Jeff Perani, Dave Boyden, Bill Lucenta, Richard Schmidt, Doug Rush, Jim Carper, Steve Hart, Dick Benner, Dave Goguen, Dave Grainger, Miles Rannur, Coach St. Cyr. 3rd row: Tom Wright, John Barberi, Tom Hession, "Bogie", Bill Peterson, Steve Corda, Bob Gill, Jeff Hollinger, Ron Bisplinghoff, Merrill Marsh, Dick Stoddart, Mike Love, Brian Robinson.

Baseball Strikes Out

Luck was the only asset Wellesley missed this year. Wellesley's power at the plate was the best it has been in years. The deadly lineup of Johnson, Gibson, Sullivan, Eagleson, Beach, Furdon, Scannell and Vaccari was perhaps the hardest hitting team in the league. They were never shut out and they scored a total of 76 runs this season. All players were capable of stealing a base and the outfield of Johnson, "Rocket-Arm" Eagleson and Beach was the fastest in the league. The pitching staff of Brooks, Gubellini and Scannell was also unmatched in the league. Rainstorms forced the team to play five games a week with an injured Gubellini and a sore-armed Scannell.

It seemed as if fate was against the Red Raiders as they lost six one-run ball games and 4 games in extra innings. It was always a cheap single, a bunt, or a passed ball that beat Wellesley. And when Wellesley won, it was by a great play or a clutch hit such as Pete Eagleson's 3-run homer to beat Framingham North with 2 outs in the bottom of the ninth.

Wellesley received no breaks this season with its 8-10 record, but with no less than six starters returning next year, Coach Kerivan won't need the breaks to have a shot at the Bay State League title.

Yeah, Bigshot.

Golfers Go for Gophers

In a rebuilding year for Wellesley, many were surprised at the depth of the Wellesley crew as they posted a 4-4-1 record. Capt. Bill Heffernan could always be counted on for his steady play in the number one spot. In the number two and three slots were Rick Tilson and Pete Smolens. Both Tilly and Pete qualified for the State Finals, with Tilly shooting an 85 in the first round and an 81 in the second. Sophomore Craig Johnston, Senior

Bruce Barrick and Junior Chip Dillard were instrumental in Wellesley's most satisfying win over Walpole, knocking them out of first place. In the eyes of next year's captain, Rick Tilson, "with the return of many good players we should easily finish on top of the Bay State League."

Tennis Was Our Racket!

The tennis team, led by Captain Greg Hills, overpowered all opponents and further proved Mr. Andrew's record of a tennis mastermind with a 16-2 record and tie for the Bay State League Championship. Sparkling Greg Hills put Wellesley on the map with his stellar performances. Hillsie was all-state and ranked no. 8 in New England. Junior Bruce MacCrellich played consistently well in the No. 2 spot, squelching almost all adversaries. In the third singles was Robbie Hailer whose consistency to win in the clutch earned him a berth on the all-state team with Hills and MacCrellich.

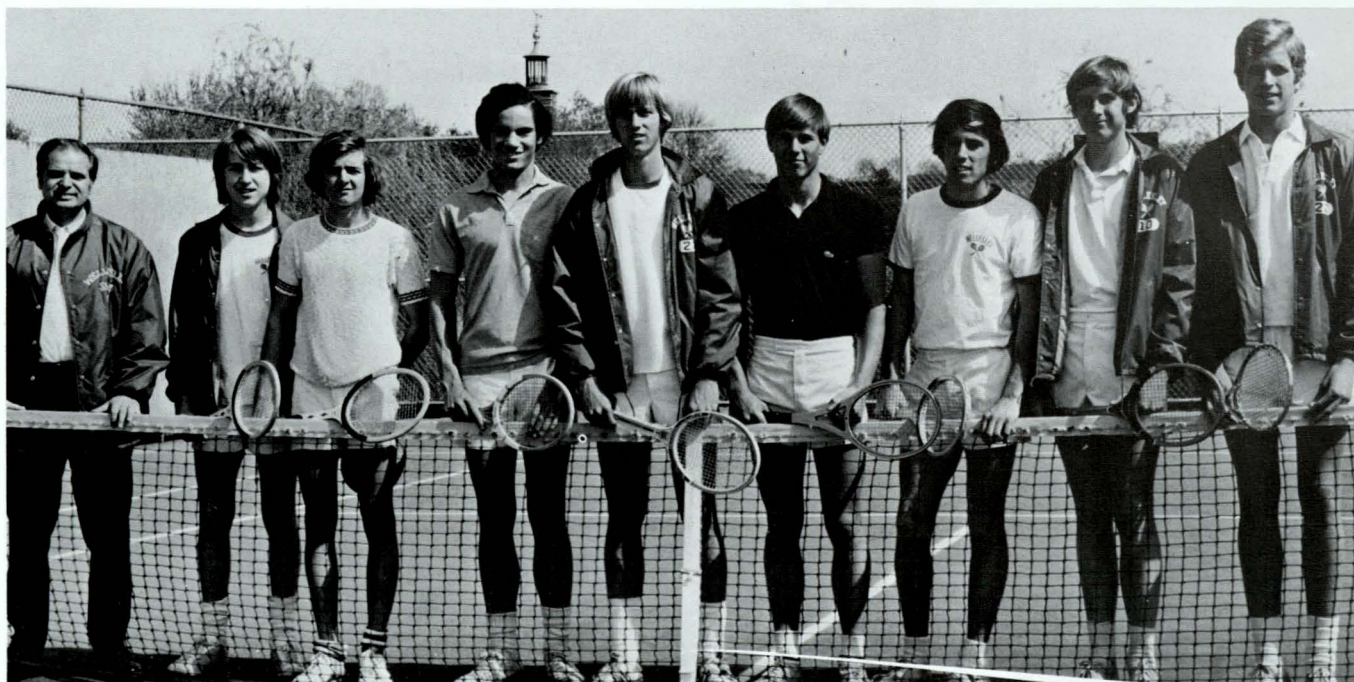

The first doubles team of Jeff Pierce and Jeff Eagleson got off to a fantastic start and surprised many with their exciting play. The second doubles team of John Bowman and Dave Andrew were the pressure players of Wellesley's star-studded lineup. Many occasions, the vital match would depend on a win from the crew of Bowman and Andrew, and they never let the team down.

Although Wellesley will lose perhaps the finest player to go through the high school — Greg Hills; the best clutch player — John Bowman; and the crowd pleaser — Jeff Pierce, next year's team should be inspired to keep up the sterling tennis tradition.

This year's tennis team was a mighty spirited group, and they had good reason to be, for they clinched the Bay State League title in an undefeated season. Even during the tense matches with Needham and Walpole, the team remained calm and (confident?).

Coach "Brownie" Kaplan hosted a dynamic line-up starring Gae "Jossie" Jostyn, Lynn "Cookie" Edwards and Martha "Moose" Muzzy who shared the top singles spots. They always could be depended on for three wins. Number one doubles team, Eileen "Crow" Crowley and Sue "Privy" Pevear were undefeated for the whole season as they met no real competition. Second doubles Di-

ana "Boomer" Borden and Pam "Acer" Aliapoulios were highlighted by Diana's fantastic net strategy. Marcia "Queenie" Patterson and Nancy "Sigmund" Floyd switched in and out of third singles and second doubles and Babs Dale and Cheryl Eastman backed up the team in several matches.

Next year's team will be strong in talent as it will keep most of its top players. The team hopes, though, that its Coach "Brownie" Kaplan will be able to return to lead her team to its fourth consecutive championship.

In a successful rebuilding year, WHS ended with a record of 3 wins, 4 losses and 1 tie. Although not a winning season, the team improved greatly over last year's team. Offensively Cindy Stanwood, Joanne Maccini, and Louise Navoni were the leading scorers. Barbara Jordan, Leslie Burr, Wendy Colby, and Sandy Johnston also contributed important goals.

Strong defense was played by Tara Smith, Wendy Rush, Ann Carper, Fay Brodell and goalie Kathy Henderson.

With many juniors returning and players from the undefeated Junior Varsity team moving up to the Varsity, Wellesley looks optimistically to next year to better its record.

BILL NIMMO, PRESIDENT

National Honor Society

The National Honor Society has been extremely active this year in its role as foster father for Nygen Hoa Tho. The Society's child has been the dominating force of this organization motivating them to the extent of holding five relatively successful brownie sales.

A typical Honor Society meeting might consist of a highly intellectual discussion of the advantages of using a B.C. mix (Betty Crocker, for the uninitiated — which reminds me, the N.H.S. initiation program is held in February, perhaps one of the reasons why they get off to a slow start each year). President Bill Nimmo usually led these discussions as well as following them since few people came to the N.H.S. meetings. However, Bill did inform us that the annual debate concerning silver or gold graduation tassels was expected to be very heated this year. Bill plans to head up the Gold Tassel Team and advisor Bonnie Brown will chair the Silvers. Vice-President Judy Harackiewicz will referee, or rather pre-side.

The Future Teachers of America Club affords high school students the opportunity to explore several levels and areas of education: kindergarten, elementary, junior high and a tutorial program for select groups of children having learning disabilities. Members were given an insight into teaching as a career through their own club and with club members from nearby communities. Guest speakers and visits to specialized schools were also provided to give members a broader understanding of education.

The club conducted a variety of social and educational events such as a spring play, a poster contest for children 6 to 9 yrs., visits to local hospitals during the holidays, evening suppers, joint visits with FTA members from other schools.

Art Service

The Art Service Club, straining to their ultimate abilities, tried to suit artistic needs for activities in the high school. Their devoted members, which numbered few, would have been lost without their hard-working manager, Mr. Gow. Helping to decorate for such events as club '72, the winter concert and Gershwin night at the Jr. High, the group was kept quite busy during this past year.

Modern Dance Club

The Modern Dance Club was formed this year by Dianna Khouri, a member of the senior class, for girls to meet together and explore new experiences in dance movement. The girls enjoyed expressing themselves in creative routines and expanding their knowledge of the dance world through talented guests. Special thanks go to Miss Mahon, the advisor, who helped organize and keep the club going.

Front row, l. to r.: Mary Ann Polletta, Gail Pullan, Rita Bernhardt; president, Patty Spear, Linda Adzigian. Second row: Sharon Skeli, Mary Ellen McCarthy, Linda Pullan, Yvonne Criswall, Hope Pitschke, Robin Patterson.

The Fashion Club consists of girls who are interested in many fields in the fashion world. Once a week, the club meets for an hour after school. Speakers from noted stores, fashion schools, models and photographers are featured at some of the meetings.

This year, the club members have begun work on creative projects such as sewing, knitting, macrame and crocheting along with other handiwork. The club members along with Mrs. Schatz, the advisor, have thoroughly enjoyed these new fields of exploration.

The Wellesley High School *Olympians* are a chapter of the National Junior Classical League, whose purpose is the uniting of secondary school students of Latin and Greek in activities that will help them to appreciate the influences of Greek and Roman civilization.

Membership is open to any student of Latin in W.H.S. Evening meetings are held monthly in the school auditorium or cafeteria. In addition to Initiation and Induction ceremonies, programs, include various activities such as: slave auctions, Saturnalia feasts, speakers, musicals, dramatics, and many original productions written by members. Five years ago, the chapter began the custom of providing Christmas toys for the children at the New England Home for Little Wanderers.

The Wellesley Chapter is also affiliated with the Massachusetts state J.C.L., and has been involved in all state projects, especially the state conventions which annually take the format of Olympian Games.

In 1969, the Wellesley J.C.L. obtained a charter membership in the New England Classical Organization under whose sponsorship a foreign travel program has been initiated. Members of our group have enjoyed April vacations in Rome, Athens, and London.

Officers for the 1971-1972 school year are: President: Maureen Murphy; Vice-President: Anne Garrity; Secretary: Bambi Bachman; Treasurer: Diane Donahue. Mrs. Mary Keenan organized the chapter in 1966 and is still the sponsor.

A.F.S. vs. J.C.L.

This year, the ancient rivalry of A.F.S. and J.C.L. was once again renewed in the second annual A.F.S.-J.C.L. Basketball game. Each team, after preliminary conditioning, looked in top shape; both teams appearing to be equally tough. Mary's (Keenan) Muscles boasted John Angus, Tom Johnson, Scott Cameron and Di Donehue as its top players and of course the ever popular Muscles Murphy. Tony's (Bent) Tigers was composed of seniors Phil Loud, Cindy Johnson, Dwight Holmberg and Jim Burns. The competition was keen and after four gruelling periods, T.T.'s emerged victorious by a single point. Thus the rivalry continues and we await next year's *Third* annual A.F.S.-J.C.L. Basketball game.

The American Field Service Club works together with the AFS chapter in Wellesley to provide for students the opportunity to travel abroad in an exchange program and for students from foreign countries to spend a year in Wellesley. The club had a great year with many enthusiastic members who not only participated in and enjoyed the numerous social activities, but helped make the year a memorable one for our AFS student, Detta John from Wales. The Club's activities included a very successful "submarine day," basketball games, skiing, parties, and international suppers with a conclusive international event.

Morning Exercises

L-R: Leslie Powell, Evelyn Reidner, Bob Edgarton, Marianne Mooradian, and Sue Malloy.

Mingling amongst an allegedly apathetic student body of nearly fifteen-hundred, the faculty and other sleepy listeners in the radio land of Wellesley High are greeted early (8:30) each morning by the sparkling and effervescent voices of various announcers who thrive on befuddling the minds of listeners with topics ranging from psychology to romance.

The club members are interested in sharing brief, enlightening literary selections with their classmates. Mrs. Fitzpatrick is the glowing lantern lighting the path guiding speakers in their creative careers at Wellesley High.

Tune in next week, same time, same station; for the latest word as Wellesley continues High Life.

Science Club

The Science Club exists for those students who exhibit an interest in any of the scientific disciplines. The club is both an educational and social experience. Aside from bi-weekly trading meetings (stamps not people), a stamp exhibition was held and a club newsletter was published (on the back of a stamp). The club's officers were: Judy Harackiewicz; president, John Elder; vice-president. Several guest speakers visited the group. This year the Key Club came into its own. Under the fatherly guidance of Mr. Campbell and the dynamic leadership of the board, the club performed above and beyond the call of duty.

Key clubbers donated their time to such worthy causes as being big brothers, sponsoring blood drives and cleaning the school grounds. Many moments from the year will be long remembered in the Key Club Hall of Fame — Christmas caroling at the hospital, excursions to Dana Hall, the start and finish of the Key Holes, donating 200 dollars to the Cancer Fund, the Off-Keys, the convention, the Student Faculty Game, Mr. Al Buyer . . . the list is almost endless. This year's board will be long remembered: Sgt.-at-Arms, Brian Young; Treas., Jeff Locke; Sec., Mike Collins; V.P., Ray Powell; Exec. V.P., Ralph Vaccari and King Key, Gerry Johnson.

Student Council

President Brian Young, or as he's known to his friends: the Illustrious One, continued the transformation of the Student Council from a primarily moneymaking group into an organization actively engaged in all facets of W.H.S. student life. Started in 1903, this transformation has been moving toward completion with tremendous strides and after working hard this year, Brian was happy to report, "the end of the tunnel is in sight!"

Struggling under the bonds of a newly ratified constitution (the old one was "misplaced"), the Council was able to plan and hold a successful seminar day. Main attractions were a Big Mac and chocolate shake, off route 9, and roast beef sub, hold the mayo, at Nino's. Of course, the impromptu fire drill also drew large crowds.

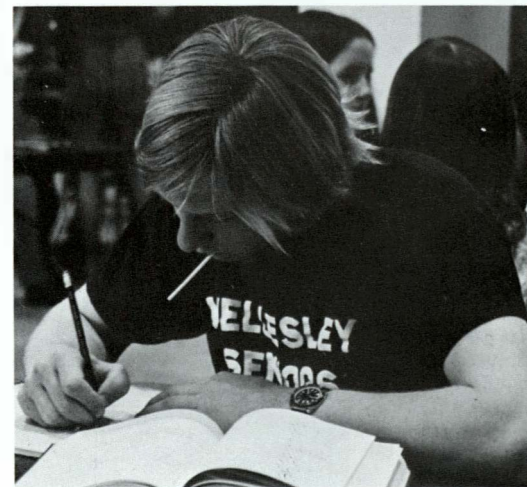

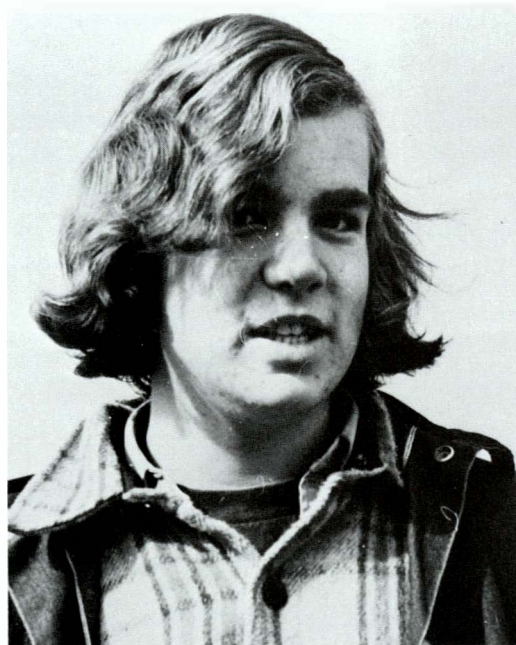

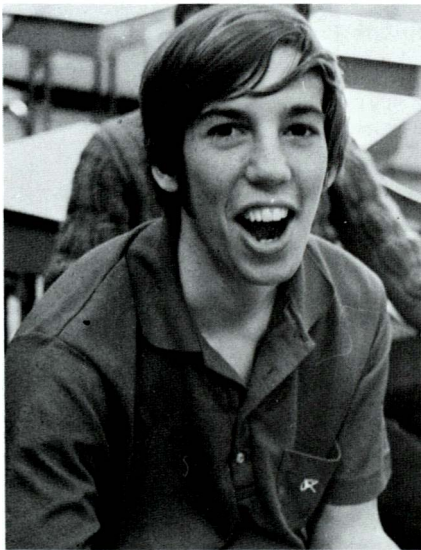

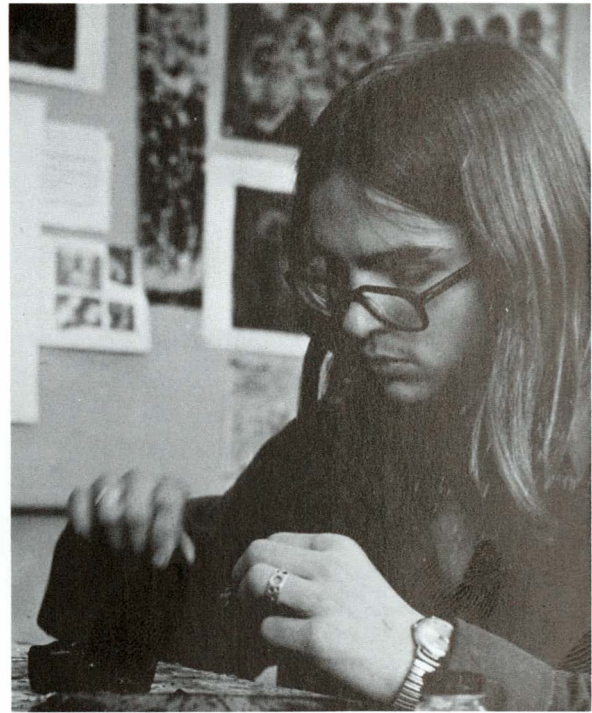

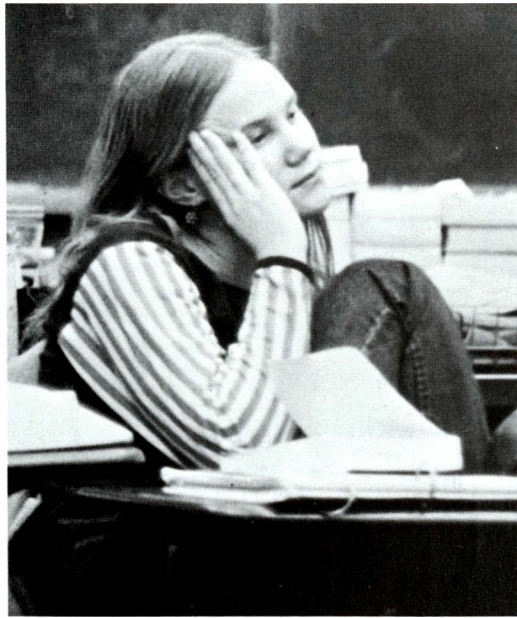

During the second term of school, Council devoted its energies to the problem of out-doing the Key Club in the Unusual Yearbook Photograph category. The judges decided in favor of the Key Clubbers last year and the Council was determined to win this time. Other projects were the Variety Show, the ever popular coke machine, and S.L.Y.D.G.E., Council initiated a speaker program, a

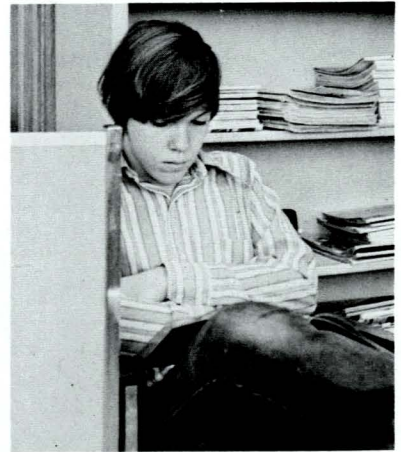

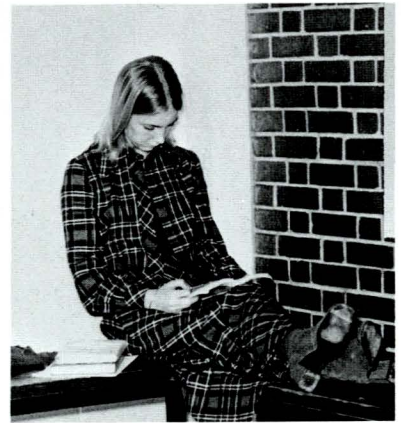

drive for an alternate school system, and they helped revise the student handbook. But clearly the project most indicative of the Student Council's great power and its concern for student welfare was the acquisition of two new bike racks and more trash barrels during Keep the Cafeteria Clean Week.

Despite these great achievements which elevated the Council to the heights of N.H.S., W.H.A.M., Radio Club and Etc. fame, there was one sad note in the Council's activities this year. As of 10:13 A.M. February 3, 1972, the Council no longer existed. Yes, the Council abolished itself. Of course, this didn't seriously affect the weekly meetings, but in some vague way an undefined aura left the atmosphere of the Council that day — truly it was sad. One can only hope that next year's student government class can live up to the fine tradition set by the student Council — an organization dedicated to the development of excellent government administrators capable of continuing the high political standards currently practiced throughout America.

The French Club was organized last year and has continued through this past year of 1971-72. It is a club designed for the student who is interested in the French language and customs. Among its various activities which have included several speakers, slides, songs, dinners, and discussions, the French Club visited Boston for a luncheon during Seminar day. Last spring, during the Feb. Vacation, the group flew to Paris, France. There they dabbled in French culture, cuisine, and visited the French countryside.

Due to its great number of participants, Ecology-Action has divided itself into four specialized groups; Legislation, School Clean-up, Creative Recycling, and Educational Photography.

The club holds a general meeting weekly, to allow each of the specialized groups time to share with each other their latest activities. Each group continues meeting on their own to work on their projects throughout each week.

The club has accomplished such things as: the construction of a permanent educational film unit for use by the Wellesley Public School System, petitioning for M.B.T.A. improvement, the recycling of used school paper, and planting trees and shrubbery as landscaping the school grounds.

The Wellesley High School A Cappella Choir of 1971-72 enjoyed a successful year, highlighted by four school performances, including the Christmas Assembly, Spring Concert, "Springthing" and Graduation. In addition, selected members performed at the opening of an exhibit at the Junior High Art Gallery.

The Band and Orchestra attended an exchange concert this year with Bay Shore, New York. Last year, the program was in Toronto, Canada. The band performed at all football games and parades in Wellesley and was invited to play in Westwood for a 75th anniversary parade on April 29.

The orchestra performed at two assemblies in Bay Shore and also in the evening concert on May 6. It also did an exchange program with Brookline High School on February 8 and at Wellesley High on April 6.

On November 19, WHS had its only seminar day of the year. It was a great success and Jeff Locke and Brian Young should be congratulated for their fine work as the organizers of this program. Students had the opportunity to learn karate skills, watch a hypnotism demonstration, see the political cartoonist Paul Szep, and hear about the joys of helicopter flying from Mr. Rokicki.

Who was it who said seminars were not well-attended?

Variety Show 1972

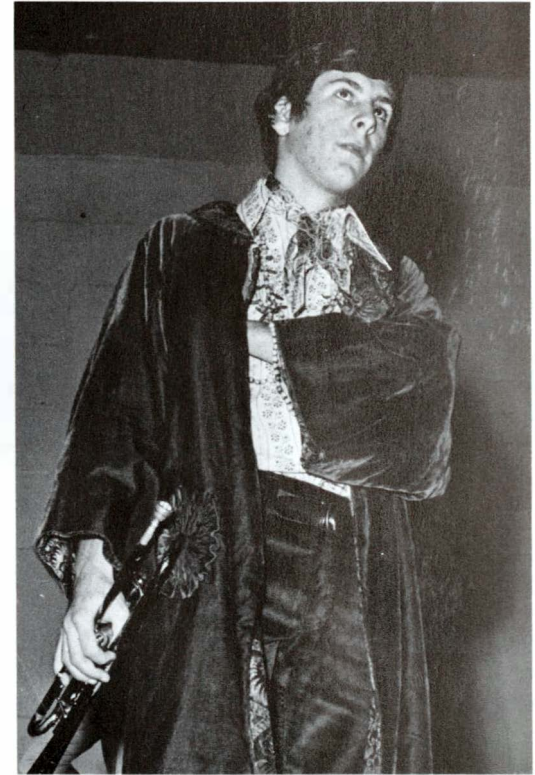

JEFF LOCKE AND LESLIE BURR

The Variety show was again this year a great success. The show opened with a sparkling performance by "The Monthlys" — a group of junior girls singing and dancing. It was highlighted by Paul Davis' and Mark Lanens' talent, the modern dance to "Love Story" by Debbie Belitsos and Beth Moon, the Off Keys, and the African dance group. And, of course, "Sparky," a delightful skit by Doug Clement and Gerry Johnson.

All of these combined provided a great night of entertainment, and through their efforts, three hundred and fifty dollars were raised and donated to "Save the Children Federation" for the devastated children of Pakistan.

A fine organizing job was done by Leslie Burr, and special thanks should be given to Kevin Carney and Phil Dana for all their help backstage, and to the MC's — Jeff (Johnny Carson) Locke, Mike (Ed) MacMahon, and Ralph (Doc) Vaccari (who later that evening burned the script!!), and to Mr. Davis and the stage band for all their valuable help.

Club '72

On February 17, students and faculty attended the annual dinner dance run by the Senior class. Entertainment was provided by Mr. Murphy and Mr. Burgess, The Off Keys, Paul Davis, Mark Lanen, Julie Leonard, Alex Cannell, and the singing trio of Betsy Palmer, Jane Moynihan, and Cathy Epifano. Mr. Vasaturo tried to walk off with the door prize, but couldn't carry it off! All who participated in making Club '72 a successful and enjoyable evening should be commended for their hard work.

Gym Show

Of all the winter activities, this year's Gym Show was the highlight. Since 1940, members of the gymnastic teams, students, and band and orchestra have combined efforts to assure a success.

Emceed by former gymnast Robin Shetler and Brian Young, the show was a collection of individual and group performances ending in the traditional tableaux.

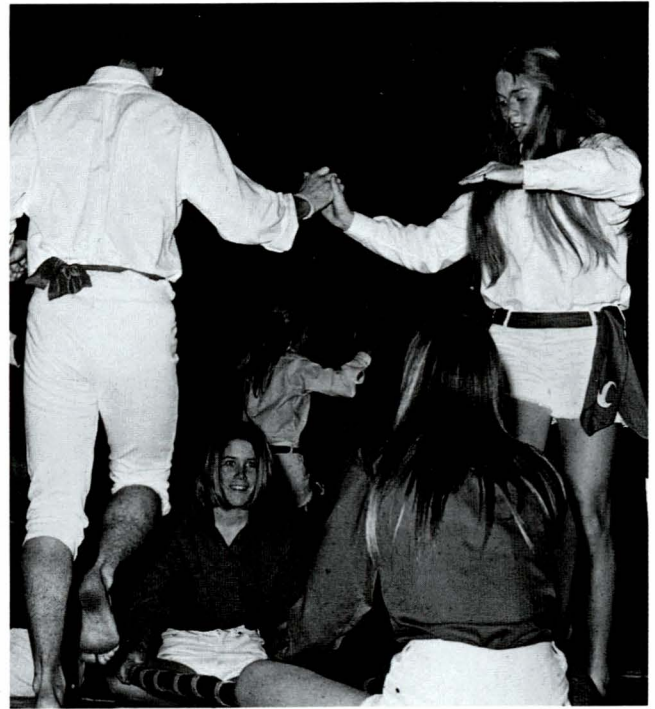

The success of the Gym Show is not only due to student participation and enthusiasm, but depends on the devoted physical education teachers who spend many long hours in the preparation of the show. Many thanks should be given to Mrs. Karen Kaplan, Mrs. Christine Burns, Mrs. Louise Curtis, Mr. Will St. Cyr, Mr. Mike Mastro, and Mr. Peter Loiter.

“Don’t Drink the Water”

The biggest success of the year was the Senior Class Play, “Don’t Drink the Water,” a hilarious comedy by Woody Allen. The evenings of May 26, 27 saw a great transformation come over Wellesley High as the outstanding cast changed the auditorium into an embassy in a small country behind the Iron Curtain. Walter Morgan, Michele Marram and Marilyn Schmidt portrayed a harried American family suspected of being spies. They are forced to remain in the American Embassy, which is run

by Frank Lovewell in the absence of his father, portrayed aptly enough by Jack Lovewell.

The entire cast was excellent and everyone involved in the production did their job well. Special thanks are due to Barry Karas, a Wellesley Elementary School teacher, who devoted a great deal of his time as the director of the production.

Class of 1972

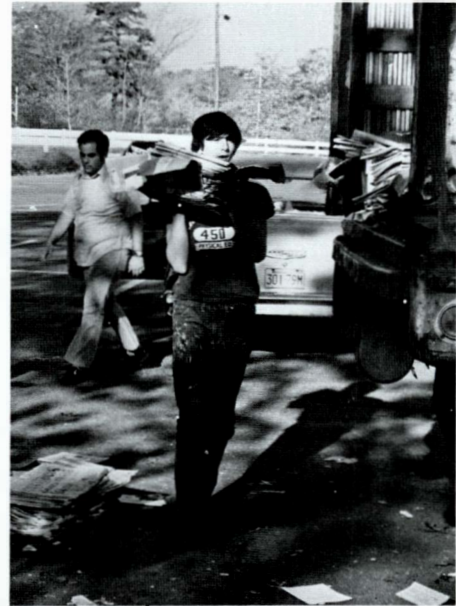

The class of 1972 had a busy year. Ben Lewis, our illustrious advisor, has helped us to overcome several problems. First Gear in concert drew a record crowd of 900 people, but only 50 dollars was made. The paper drive was so successful that an extra truck was needed! These two activities earned a total of 170 dollars for the Senior Class. Other activities included Club '72, Senior Play, a boy-girl basketball game, gym show, and in June a full week of events including the banquet, prom, and all-night party.

Walter Morgan, Vice-President; Bambi Bachman, Secretary; Jeff Locke, President; Donald Johnson, Treasurer.

NANCY ELLEN
MURPHY

August 26, 1954 —
January 7, 1972

You expected to be sad in the fall. Part of you died each year when the leaves fell from the trees and their branches were bare against the wind and the cold, wintry light. But you knew there would always be the spring, as you knew the river would flow again after it was frozen. When the cold rains kept on and killed the spring, it was as though a young person had died for no reason.

Just like that comes the grey shock
the unbecoming, harsh subterfuge.

Youngly pale, retreating slowly, seeking still
death's ransom for another hour:
a day's wasting comes not always as sunset
but rather, like a storm, mist or sand,
that covers all
and the soul suffocates.

The cruel knight, with earthrot smell
seizes us all, soon or not,
but how hard it is to face
just like that.

May 24, 1954-April 27, 1972

Let us live then and be glad
while young life's before us!
After youthful pastime had,
After old age hard and sad
Earth will slumber o'er us.

Brief is life, and brevity
Briefly shall be ended
Death comes like a whirlwind strong,
Bears us with his blast along;
None shall be defended.

On our final page, we say good-bye. Our unique perception of Wellesley Senior High is based on hope — a desire to see the Open Campus program, Independent Studies program, Work-Study, English electives, and other curriculum and educational innovations succeed. We look back through the tunnel of our memories of our days in this school, with all its faults, foibles, successes and failures . . . and say . . . good-bye.
